

# Mission, Vision and Policy

## Mission

To market Swiss Made product ranges and innovative solutions in the field of dimensional measurement in general designed, developed and produced by Trimos.

Ensure sufficient profitability allowing the development of the company while meeting the expectations of interested parties: customers, employees, partners, shareholders.

## Vision

To be recognized around the world as the Swiss leader in dimensional measurement for precision mechanics. We want to make life easier for our users by offering them innovative products and services that meet their ever-changing needs.

## Quality, Health and Safety Policy

To contribute to its performance and sustainability, Trimos has implemented a management system based on continuous improvement (according to ISO 9001, our benchmark since 1998).

Customer satisfaction and the Health and Safety of our employees are essential issues, particularly in a constantly evolving context. This is why we have redefined our Policy on the following 6 strategic axes:

Work on our **agility** (speed and flexibility)

Reinvent our **business model**

Involve our employees in **quality, health and safety** at work

Control **risks** at all levels of the company

Work to increase the **enthusiasm and loyalty** of our customers

To increase the satisfaction of our **interested parties**: customers, employees, partners and shareholders.

CEO, P. Kemper
